Saint Gregory the Great's Story

(Sept 3)

Saint Gregory the Great was the prefect of Rome before he was 30. After five years in office he resigned, founded six monasteries on his Sicilian estate, and became a Benedictine monk in his own home at Rome.

Ordained a priest, Gregory became one of the pope's seven deacons, and also served six years in the East as papal representative in Constantinople. He was recalled to become abbot, but at the age of 50 was elected pope by the clergy and people of Rome.

Gregory was direct and firm. He removed unworthy priests from office, forbade taking money for many services, emptied the papal treasury to ransom prisoners of the Lombards and to care for persecuted Jews and the victims of plague and famine.

Saint Gregory the Great lived in a time of perpetual strife with invading Lombards and difficult relations with the East. When Rome itself was under attack, he interviewed the Lombard king.

His book, Pastoral Care, on the duties and qualities of a bishop, was read for centuries after his death. In his own down-to-earth preaching, Gregory was skilled at applying the daily Gospel to the needs of his listeners. Called "the Great," Gregory has been given a place with Augustine, Ambrose, and Jerome, as one of the four key doctors of the Western Church.
